Buchtel college athletics have been given a stimulus during the past year or two, and at the last meeting of the Board of Trustees an effort was made to have the appropriation for athletic purposes increased. The movement was originated by the students and would doubtless have been successful, had that body taken it up.

Many of the alumni of the college claim, however, that if the increase be made, it should be made with a condition attached, and that whenever ringers are introduced to a team, the additional financial support should be taken back. This, it is claimed, would do much for the athletic spirit at Buchtel, and tend to purify college athletics. The reason given is this: Any student who tries to qualify for a position on any college team should be encouraged. Suppose he is not naturally as much a specialist in foot ball or base ball as some fellow townsman who is not a college man. If the student works hard to make the team and the ringer is taken in his stead, he is very naturally discouraged and in all likelihood will not try again, for he knows that men can be bought at any time who can beat him at the various sports.

The elimination of ringers will do much to foster the athletic spirit in colleges, and produce teams, which will advertise the school and be a benefit to them.

### LOOK OUT, SOUTH ENDS!

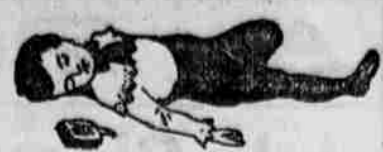

Warren, O., July 19.—(Spl.)—Kent won from Warren yesterday because it played better ball and every error made by Warren counted in their score. Brackin kept his hits well scattered, while Ames excelled his opponent in strikeouts. Score—Kent 11; Warren 4.

Batteries—Warren, Ames and Patterson; Kent, Brackin and Livingstone. Umpire—O'Toole.

### A GREAT HORSE.

Patron, 2:14, one of the greatest trotters in his day, and who has been in the stud for the last fifteen years, was put to death last Friday afternoon at the Forest City farm. The great son of Panocast was suffering from a blood disorder, and after a consultation by the leading veterinary doctors, which was also attended by C. F. Emery, his case was decided to be hopeless and he was chloroformed to death.

Patron was born June 22, 1882, and was nineteen years old at the time of his death. In the early eighties he was the greatest young trotter on the turf making his debut in 1885 as a three-year old, when he made a new world's mark of 2:19 for that age for trotters. Old-time horsemen remember his great race on the Glen-

A child three years of age died of drunkenness the other day in New York City. The parents said they had given the child whiskey to strengthen him. In their absence he found a bottle of whiskey and drank from it, until he fell over in a drunken stupor, from which the physician could not arouse him. That is only one case in several cases of baby drunkards recently noted. The important fact is that alcoholic stimulants quickly develop the alcoholic habit in children. This fact is just as true when the alcohol is disguised as a medicine, a "sarsaparilla" or other "compound." So many medicines contain alcohol, to the same extent that it is contained in beer or whiskey, that parents should be cautious what medicines they give their children.

There is absolutely no alcohol, whiskey or intoxicant in any form in Dr. Pierce's Golden Medical Discovery, neither does it contain opium or any other narcotic. It is a blood-making and body-building medicine. It does not make flabby flesh but good, firm flesh and muscle. It is pleasant to the taste.

"My four-year-old daughter had suffered from indigestion and bowel trouble from birth," writes Mrs. Jessie Allen, of Balmont, Lackawanna Co., Pa. "The treatment given her by home doctors afforded but temporary relief. Last February she was taken with severe pain in the bowels, followed by violent vomiting. She experienced difficulty in passing urine, which, when voided, deposited a milky sediment. I became alarmed from her symptoms and wrote to the World's Dispensary Medical Association of Buffalo, N. Y., receiving in reply a letter advising the use of Dr. Pierce's Golden Medical Discovery, together with a special medicine which they sent. This line of treatment I followed for about two months, at the end of which time my child was enjoying good health, and she has had no severe attack of indigestion since."

Free. Dr. Pierce's Medical Adviser, 1008 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to defray expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

ville track on July 29, 1887, when he took his mark of 2:14, which was the world's stallion trotting record to high-wheel sulky, and this record is still unbeaten, although this was 12 years ago. He won the great \$10,000 Charter Oak stake that year, and after that was retired to the stud.

### FOOT BALL FOLKS AWAKE.

Already Akron athletic clubs are looking forward with eagerness to the foot ball campaign. Although none of the local athletes are especially anxious to get out and work out during such weather as this, each club casts zealous eyes at its fellow and wonders what new material it will have to exhibit next fall, and what combination of agility and brawn its ancient enemy may marshal on the gridiron when the "harvest days are over."

No radical changes in the rules of the game are contemplated. The big universities, who set the fashion for foot ball, are convinced that the game has been refined and reduced as exactly to its scientific principles as may safely be done. Akron has had some excellent teams in years past, and while individual players of especially hostile nature have done things to make the game exceedingly unpopular, for a few minutes, to some dazed and battered opponent, foot ball is and will remain dear to the heart of the lover of red blood and fair play.

The chief objection to Akron games has been that although a game might commence with but two eleven players, usually, before the end of the second half, rooters, police and all movable property on the athletic field were making end runs, double passes and drop kicks. The spectators must remain out of the game to insure good foot ball.

### BROOKLAWN PLACED.

At the Valley track, Thursday, Mr. Irvin Manton's Brooklawn took second money in the 2:18 trotting class race, purse \$300. Though many Akron enthusiasts were present, this was the only local horse entered.

### CHANCE FOR GUS AND JEFFRIES.

Butte, Mont., July 19.—(Spl.)—Madden, manager of Gus Ruhlin, now in Butte, has announced that he has been offered a purse of \$20,000 by the Olympic club for a meeting between Ruhlin and Jeffries. Prize fights are permitted in Butte, and the saucer track where it is proposed the fight shall be pulled off, is an ideal spot.

### S. E. A. C.'S LINEUP FOR SATURDAY.

When the Kent team which has hitherto been regarded as invincible, faces the South Ends at Buchtel field, Saturday, they will have one of the best teams to meet, that Akron can produce. It is certain that the game will be decided strictly on its merits. Following is the S. E. A. C. line up.

## DAY OFF.

Pathfinders Enjoyed It Thursday.

The Third Annual Picnic a Success.

Prizes Won by Their Amateur Athletes.

The Pathfinders held their third annual picnic at Silver Lake Thursday. The day was the finest kind for a picnic, and everybody entered into the spirit of the outing with zest. Akron lodges were the most in evidence, but Cleveland and Youngstown lodges helped to make things interesting.

The arrangements for the picnic were the best they have ever been, and the sports were arranged so that the old as well as the young could enjoy them. In the afternoon an address was given by Rev. J. S. Rutledge of Cleveland. Hon. Geo. W. Steber was also to have spoken, but was unable to be present.

The base ball game in the afternoon between the Riversides of Cleveland and the Pathfinders of Akron, resulted in a victory for the Riversides by a score of 23 to 13.

The list of events and winners of prizes, are: Running race, for men, first prize, bicycle lamp, J. M. McLeod; second prize, half sack flour, E. Capron.

### Cure For Cholera Infantum Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Bookwalter, Ohio. Ever know that the people who demand cash from you, get credit from somebody else?

Whether you know it or not, it is true, and believing in equal rights to all; we believe that you are just as much entitled to credit as any one else.

We believe in credit—we have sounded the praises of our credit system, until today, this is far and away ahead of any credit store in this city.

Stylish people are patrons of this store because we have nothing in any department that isn't strictly up-to-date.

Just analyse the matter—we own and operate 25 big credit stores, each doing a large volume of business. To supply these stores we operate a factory where good workmanship is the prevailing feature.

That's why we sell clothing so cheap—most anyone could if they had our facilities.
